On **Wednesday June 3rd 2026** KNOX is hosting a roundtable discussion to shine a light on local candidates and the issues they are passionate about.

**--Where?--**

**In-Studio (preferred)**

The roundtable will be hosted at **1185 9th St NE Thompson, North Dakota 58278**. Participating in the roundtable in-person will provide clearer sound, fewer technical hiccups, richer multimedia possibilities, stronger host-guest chemistry, and a more professional presentation. This will help you communicate your message effectively and leave a lasting, positive impression on the station's audience.

**On the Phone**

We understand that scheduling can be tight, so if you're unable to join us in the studio, we'd be happy to accommodate you over the phone. To ensure that we have a clear line, we have setup a special hotline that will make sure the conversation runs smoothly. **5 minutes prior to your interview** please call **1.701.775.5559**.

**--When?--**

The schedule below will be followed for all candidate interviews. Candidates who are appearing in-studio should plan to arrive at the radio station **10–15 minutes before their allotted time** to allow for check-in and technical setup. Those participating by phone should **call in approximately 5 minutes prior** to their interview so we can confirm the connection and begin promptly. Please refer to the schedule that follows for your specific time slot.
